

Teascapes

Chris Yates April 27th

English Breakfast, Earl Grey, fruit or herbal infusions, it doesn't matter which, Chris Yates will show you how to turn this unlikely material into a little work of art.

At this workshop you will create an original landscape using recycled teabags – yes, these examples really are from used teabags!

Experiment with colour variations and different hand embroidery stitches. Add a few beads to embellish or miniature trees or flowers to produce

a piece that is totally unique.

© Chris Yates

Chris developed her love of sewing and textiles during her school days. She holds a degree in textiles and has completed the City & Guilds programme in Design and Embroidery to Diploma level. Teabags are just one aspect of her work: to find out more visit her website or facebook page
