

## Architecture in Stitch with Wendy Dolan

**Saturday, 30 January 2021 from 10am to 4pm**

Join Wendy for this whole day, fully interactive Zoom workshop. She will guide you through the process from planning your design through selecting materials to stitching the piece. There will be opportunities to ask questions, discuss progress and show your work in progress. You will need a sewing machine capable of free machine embroidery and fitted with a darning foot to participate fully. Cost £25 for members (£30 for non EG members).

**Booking essential: email Helen (helenbrown89@hotmail.co.uk) to reserve your place.** Requirements list and pre-workshop preparation guide on [Enfield Embroiderers' website](#) programme page soon.

Worried about being in front of the screen all day? Wendy assures me there will be plenty of breaks in the Zoom workshop when you can work on your piece, returning with the rest of the group for feedback and guidance at agreed times. Just like a 'regular' workshop but without the hassle of transporting your sewing machine and materials!
